S.No. F5/ RMSCL/ QC/2025-26/ 2684

Date: 10/2/2024

To,
All Suppliers (Vaccines and Serums)
Rajasthan Medical Services Corporation Limited
Jaipur (Rajasthan)

Subject:-Mandatory submission of Central Research Institute (CRI), Kasauli clearance test report.

As you are aware that quality control is first priority of RMSCL. In case of vaccines and serum RMSCL's policy mandates clearance test report of CRI, Kasauli before distribution to the hospital. Policy provision in this regard is:-

8. Vaccines and Serums

8.1 The supply of Vaccines and Serums are allowed to be distributed to the hospitals as per clearance test report of CRI, Kasauli. In addition to this, samples of vaccines will be drawn from the warehouses randomly and sent to the laboratories for analysis notwithstanding the fact that they might be previously got tested by the manufacture from CRI, Kasauli

As per the policy supplier has to submit clearance test report of CRI, Kasauli at the time of supply. All suppliers are expected to comply this mandate strictly at the time of supply of vaccines and serum. Vaccine and serum supplied without CRI Kasauli clearance test report will not be accepted.

This should be given utmost priority and strict compliance of the policy be ensured at the time of supply.
