Subject: Monthly Integrated Progress Report (MIPR) under MNDY

Monthly Integrated Progress Report (MIPR) format has been designed to monitor the progress of various activities of District Drug Warehouses for effective and smooth implementation of MNDY. The objective of the Integrated Progress Report is to identify the gaps in implementation of the scheme as well as functioning of DDWs and initiate requisite actions to get the desired output. The format includes the key monitoring indicators of various activities of different sections of the RMSC.

To achieve the desired outcome, two page monitoring format has been developed which is as follows:
