Date:- 21.09.2011

As per directions of MD, RMSC, following actions are to be immediately taken at the level of DDWs regarding storage & distribution of medicines:-

1. Ensure availability of two ILRs & one Deep freezer at every District Drug Warehouse for storage of medicine like Insulin, Injection tetanus toxoid, Anti-D Injection, ARV Injection etc. In case of additional requirement of ILRs, they may be procured from RCHO after seeking approval from District Monitoring Committee.
2. Ensure fitting of one A.C. in cold storage room.
3. Start distribution of medicine to all health facilities under your district as per their demand to avoid excess accumulation.
