No. F.(04)/RMSC/MNJY/2013/ 3382

Date: 08.08.2013

To,

All Principal Medical Officers (PMO)
District Hospitals/Sub-divisional Hospitals/Satellite Hospitals
Rajasthan.

Sub: ISO 9001:2008 Certification of District Hospital/Sub District Hospital & Satellite Hospitals Laboratories

The Mukhyamantri Nishulk Jaanch Yojana (MNJY) was launched in April 2013 in furtherance of the commitment of the Govt. of Rajasthan towards achieving the goal of "Health for all". Free tests and free medicines together are a milestone for the state and will go a long way in helping patients by providing quality health care services and reducing the out of pocket expenditure.

Patients have reposed immense faith in the quality of drugs supplied in government hospitals. It is important that similar credibility is established in the accuracy, reliability & authenticity of our test reports. For this certain system standards need to be adopted which will further modernize & upgrade our labs and will improve efficiency, effectiveness and quality.

Hence PMOs of DH/SDH/SH are expected to obtain ISO 9001:2008 certifications for the District Hospitals/Sub District Hospitals and Satellite Hospitals by October, 2013. Collector Bikaner has already received this certificate for 5 laboratories. The modernization & standardization activities for the above may be carried out with the budgetary provisions under MNJY. A one day sensitization and orientation workshop will be held as given below:

| Training Programme | Date & Time | Venue | Resource Persons | Participants |
|---------------------------------------------|----------------------------------------------------------|------------------------------------|----------------------------------------------------------|----------------------------------------------------------------------------------------------------------|
| ISO Certification of DH/SDH/SH Laboratories | 13 th Aug. 13 10.00am -6.00pm (Tuesday) | SIHFW, Jhalana Dunagari, Jaipur | Medical college faculty WHO Experts ISO Experts | • Laboratory In-charges of all DH/SDH/ Satellite Hospitals • Bio Medical Engineers of all zones |

The above officers are expected to come along with the current status of their labs including gap analysis for ISO certification as well as tentative cost analysis. Kindly also bring information regarding:-

1. Physical Infrastructure Gap.
2. Manpower Gap.
3. Process/Procedure Gap.
4. Any other standard necessary for quantification for ISO/NABL accreditation.

This bears the approval of PHS.

(Dr. Samit Sharma)

MD, RMSC & Ex. Officio Joint Secretary,
M & H Dept. GOR
