Sub: NABL accreditation of Laboratories in Medical College Hospitals

The Mukhyamantri Nishulk Jaanch Yojana (MNJY) was launched in April 2013 in furtherance of the commitment of the Govt. of Rajasthan towards achieving the goal of "Health for all". Free tests and free medicines together are a milestone for the state and will go a long way in helping patients by providing quality health care services and reducing the out of pocket expenditure.

Patients have reposed immense faith in the quality of drugs supplied in government hospitals. It is important that similar credibility is established in the accuracy, reliability & authenticity of our test reports. For this certain system standards need to be adopted which will further modernize & upgrade our labs and will improve efficiency, effectiveness and quality.

Hence Medical Superintendents of Medical College Hospitals are expected to go for higher level of certification for laboratories i.e. NABL Accreditation. The modernization & standardization activities for the above may be carried out with the budgetary provisions under MNJY. A one day sensitization and orientation workshop is proposed to be held as given below:

Training Programme	Date & Time	Venue	Resource Persons	Participants
NABL Accreditation of Medical College Laboratories	14 th Aug. 13 10.00am-6.00pm (Wednesday)	SIHFW, Jhalana Dunagari, Jaipur	NHSRC Experts NABL Experts Medical college faculty WHO Experts	• Pathology / Micro-Biology & Bio-chemistry Lab In- charges of Med. College Hospitals • Bio Medical Eng. Of RMSC

The above officers are expected to come along with the current status of their labs including gap analysis for ISO certification as well as tentative cost analysis. Kindly also bring information regarding:-

1. Physical Infrastructure Gap.
2. Manpower Gap.
3. Process/Procedure Gap.
4. Any other standard necessary for quantification for ISO/NABL accreditation.

This bears the approval of PS (ME).
