Sub: Regarding Green-a-Thon event at Bikaner from 26/7/2018 to 27/7/2018

Sir,

The State Board and DOIT&C has conducted Green-a-Thon event at Bikaner from 26/7/2018 to 27/7/2018. During event your team "PRATAP" was selected as second winner of greenathon. The State Board is scheduled meeting on 8/2/2019 at 11.00 AM, Conference Hall, RSPCB, Jaipur for implementation of project on ground.

You are requested to attend meeting along with faculty head from your institute and bring complete project detail including time frame, financial outlay and breakup of funds. You are also requested to form firm/company in the name of which funds can be released or alternately give concurrence of the institute to allocate project through the institute and release funds through the institute.

This bears approval of competent authority.

Yours sincerely

*Blumest Pan*  
Environmental Engineer  
(CD & Project)

Are you a team lead?	Yes
Team name	Pratap
Team Members (Including team lead)	3
Team Based at (State)	Rajasthan
Team Based at (City)	Barmer

What is the problem you are addressing?	In the manufacturing of paper the prominent raw material is wood fiber .to obtain wood fiber a large amount of trees have to cut and which method is also dangerous to environment.the animal dung is waste material (generally using as manure and spreads in field) and in city it creates problem.
---	---

What is your proposed solution for this problem?	We will use the animal dung to manufacturing of paper instead of wood for the production of paper.this paper can be used in paper bag making, writing papers, packing paper..
--	---

Mention the technology you are using	Eco-friendly
--------------------------------------	--------------

The theme you are working on	Waste to useful/gainful resources
------------------------------	-----------------------------------
