ORDER

1. Grievance in this application is against use of pet coke and ceramic tiles dust for heating of the boilers by the textile industries at Ahmedabad and Narol in Gujarat and Pali in Rajasthan. Further grievance is that hot boiler waste is improperly discharged on barren land leading to heaps of mounds of ash which in turn generate air pollution.

2. Having regard to the nature of the issue raised, appropriate course will be that the applicant raises the issue first before the CPCB so that CPCB may, in coordination with the State PCBs and after interaction with the stakeholders, take a call in the matter. If the applicant is thereafter aggrieved, it will be open to him to take remedies in accordance with law.

The application is disposed of.
