Office Order

The State Board has a common Portal for online monitoring of effluent & emission quality of the effluent/ emission caused by units covered under OCEMS installation under any of the mandates of CPCB/ NGT/ State Board. In order to adjudge the performance of the pollution control measures installed by these industries to control the water pollution and air pollution, RSPCB has a common server for facilitating the data transfer and monitoring of parameters given by CPCB. Earlier the units have to fill a Pre- Deployment checklist to get connected with the State Board servers.

So, in continuation, all the units falling under the purview of OCEMS installation & connection with State Board's servers are hereby directed to submit the following documents to facilitate the process of connection with State Board servers:

1. Revised Pre- Deployment Checklist
2. Self-Declaration Form

Any new unit/ existing unit in order to add any parameter with the State Board servers need to fill all the columns of the revised PDC sheet & have to submit the self-declaration form to be submitted on official letterhead of the industry. All the documents are uploaded on the website of RSPCB.

This order shall come into force with immediate effect.

This Bears approval of the competent authority.

(Kapil Chandrawal)
Member Secretary
